**JOIN US FOR
A 'VIRTUAL' STUDY PROGRAM
OVER TWO WEEKS: (10 SESSIONS)
JULY 12-16 & JULY 19-23**

Our study program promises to offer fascinating insights, perhaps providing for many, a different take on the women we think we know from the testaments.

Dr. Callie Callon PhD leads our program:

Women in the Bible

"Many of the women who are portrayed in the Bible are frequently either underdiscussed or misinterpreted in much of contemporary popular thought. The primary focus of this course will be to address this in two ways. First, by highlighting the accomplishments of women in both testaments who played authoritative and significant roles in Israelite and early Christian historical memory, ranging from Miriam to Phoebe. Second, by a closer reading and re-examination of women whose narratives have been misunderstood or misrepresented – beginning with Eve and ending with Mary (not a prostitute!) Magdalene".

July 12-16 & July 19-23
each session: 8:00-9:00 am (Toronto time) 1:00-2:00 pm (London time)
